Ph. 07592-250127, 9993304359, 9826099407 E-mail : dwps.vidisha@gmail.com

Vision

Vision of school is in line with the Delhi World Public Schools group vision committed to provide state of the art education, incorporating Indian values in their behaviour inculcating general etiquettes and manners for social behaviour and enhancing them to explore World's culture through virtual trips and webinars.

School aims to create global citizens with balanced growth in areas like academics, empathy, strong will power, and sports which will be torch bearers of upcoming dynamic and harmonious world.

Holistic all-round development of the child (Academics – Behaviour – Sports – Emotions)

Mission

Mission of school is in line with the Delhi World Public Schools group and aims to instil in each child a sense of inquisitiveness and exploration (a curious child always seeking answers for satisfying his thrust of knowledge), and an urge for experimentation (applying the concepts learned in school in real life situation), observation and synthesis. We endeavour to free the learning process from the confines of the four wall of classrooms and take it further to activity workshops (soft skill related and subject related workshops for students), resource centres, laboratories, and library, reading open reading area available for 24 hours with required study material, "teaching less for learning more". Every child is encouraged to imbibe the values of citizenry, a commitment to good health, high values, and sensitivity towards environment. We strive to guide and support each child in the journey from primary to senior school and prepare them for the world beyond school.

Nurturing curious minds to seek correct answers to their questions at appropriate time and providing proper opportunities to develop and excel in the area of their interest (Academics - Music – Dance – Sports - Art) and help them to become assets for upcoming world as global citizen.

Chairman's Desk:

My vision for DWPS Vidisha is to create the largest family of trend setters with the help and co-operation of our parents. The school strives to educate students so that they are ready to reach their highest potential. We are committed to provide high quality education. We foresee our students growing up as leaders and honest citizens of our nation and achieve excellence in everything they do in life.

Children are our hope and future. It's our privilege to participate in their growth.

-Dr Rajeev Choudhary

VISION & MISSION STATEMENT

Beautiful and colourful representation of various cultural shades of India through dance and drama as a part of "Akhund Bharat" theme performed by our tiny young tots and energetic smarties.

➤ Principal's Desk:

School practices innovative and practical way (i.e., *Learn by Doing*) of learning and imparting education.

We give importance to practical based learning and learning by doing. As we know the student's learning is retained for longer period if they learn by doing as compared to rote mugging up the concepts. We also inculcate moral and ethical values in students through activity based – Art integrated learning, individual / group work. Students acquire deeper sense of understanding in these kinds of activities which help to develop critical thinking abilities relevant to the topics. All activities are in alignment with the School's and DWPS Group's Vision of '*Developing future ready global youth who will enhance society*'.

School's motive is to prepare future citizens who are well equipped with 21st century skills.

- Bharat Singh Yadav

➤ Co-Ordinator's Desk:

As stated by the principal we inculcate various values in students in school while imparting education through practical way of learning where we associate co-curricular activities with curricular activities at our school.

These co-curricular activities are the ways to develop values in students. Values like working in team, appreciating other's opinion, co-operation, norms of social behavior etc. are incorporated through these activities.

School strongly believes in all round development of students.

- Haris Siddiqui

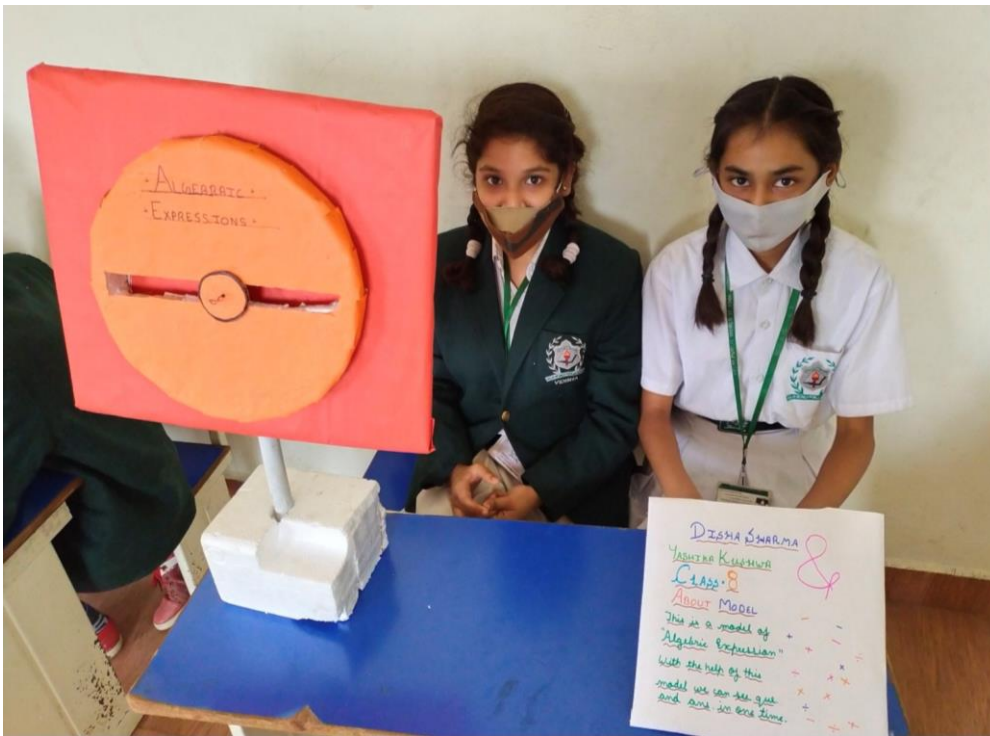

➤ Primary In-charge:

Our students of Nursery to class 2 are taught in fun-way learning (Play – way Learning), although no one can take place of parents in the life of a child. We know that parents are initial teacher of a child and in school, our teachers try to step in the shoes of the parents being 'Mother Teachers' trying to make learning easy for the toddlers at school and help them to grasp knowledge and develop their abilities. Different activities allow them to express their feelings which are conducted during teaching learning process.

-Amita Asati

VISION & MISSION STATEMENT

Experiential and practical learning at its best by involving students into the real-life applicability of the topic taught is our prime motto.

VISION & MISSION STATEMENT

Focusing on all round development of students is amongst the key objective of our curriculum. Physical and spiritual health gives confidence to the young minds.

VISION & MISSION STATEMENT

Amenities:

❖ Career Counselling:

- It is a service provided to school students free of cost in secondary class (X).
- It includes one – on – one conversation between a counsellor and the student.
- It is done on the bases of assessments, activities and projects designed to help students to choose stream in class 11 and career their after.
- It helps to assess strengths and skills of students
- It helps to identify areas of untapped potential of students and helps to pursue their desires and dreams.
- It also provides expert advice on industrial trends and hiring practices.

❖ Hostel facilities:

- Boys' hostel facility is provided for the students who reside at far location from school at affordable cost.
- Proper safety of hostel students as hostel area is under surveillance.
- Hostel has an ideal student – warden ratio.
- Hostel provides balanced diet to students with appropriate nutrition value.
- Well maintained sanitary facilities.
- Remedial – Coaching classes to assist students are on a regular basis, for better understanding of the concepts and for satisfying curiosity of the learner, after school hours for core subjects to hostel students from expert coaches.
- Hostel students have a dedicated reading room available 24 hours X 7 days equipped with required materials.

❖ Minimum Level of Learning: Minimum level of knowledge required at a particular level of education (Class) as prescribed by the Board from time to time at present it is 33% of subject as per CBSE.

- Students are monitored and motivated to upgrade their knowledge and gain confidence.
- Curriculum is set to assist students belonging to different category according to their needs and requirements.
- Categorising students based on academic check-up test conducted by school in four categories:
- First category of learner, who requires to be assisted to reach minimum level of learning.
- Second category of learner, who are clearing requirements of minimum level of learning but needs assistance for reaching good level of learning (60%) in each subject.
- Third category of learner, who perform average to good but requires assistance for excelling in each subject (75+ %).
- Fourth category of learner, who excel in the academic check-up to be assisted for exploring higher horizons and to be guided for developing their knowledge beyond the academic's level.

➤ Students are assisted by the experts during remedial classes to level up their knowledge in different subjects.

➤ If, in case,

- A child is admitted in hostel falls under the first category of learner mentioned above,
- The child will be assisted in such a manner that he is able to achieve minimum level of learning by the end of his first year in hostel.
- Second (next) year in hostel, same child will be in abetted to be second category of learner and during the year the child will be guided to reach 50 – 60%.
- Third year in hostel the same child will be supported for upgrading subject knowledge to reach advance learner's stage that is to accomplish 75% in academics.
- Fourth year in hostel the same child morale will be boost up to excel in academics and be the part of fourth category of learner.

- Once the child reaches fourth category of learner, he will be escorted for excelling in academics and for self-learning also.

❖ Thinkroom (Classroom):

- Well prepared spacious thinkrooms (classrooms) with required virtual and physical teaching aids for enhancing teaching learning experience.
- Concepts of various subjects like English pronunciation and grammar, Science, Mathematics, Social Science, and other subjects are imparted by practical virtual aids other than physical labs also and for building early childhood concepts in various subject, facilitators focus on developing child's ability by motivating them and by applying fun learning methods using sand pit for developing motor-gearing skills.
- School has ideal teacher – student ratio in each class (As per CBSE guideline)

❖ Medical Facility:

- A 'Get well soon' (sick room) with primary medical facility available in school.

❖ Co-curricular activities:

- We follow Delhi World Public Schools group's ideology and aims to develop confident, well-rounded students with capabilities and the spirit to reach for the stars. The curriculum provides a rich variety of co-curricular activities, which we consider are not extra but ESSENTIAL part of child's education.
- These include Public Speaking, Indian Dance, Western Dance, Indian Music, Western Music, Yoga, Martial Arts, Drama, debating (like Mock Parliament), Elocution, Art, Abacus, Cotton Spinning & Weaving, Pottery, Handmade Paper Making, Carpentry etc. from time-to-time experts provided valuable inputs from their respective fields.
- Art integration is amalgamated with all academic subjects which helps students to grasp and grab the concepts in easy and enjoyable way.

❖ Sports activities:

- We follow Delhi World Public Schools group's ideology and believe that sports play an important role in the life of a child. The qualities of leadership, teamwork, tolerance, and sportsman spirit are learned on the sports field. Therefore, every child at school is encouraged to take up a sport activity out of the given a vast choice, which includes Cricket, Badminton, Volleyball, Table Tennis, Chess and much more. Our Physical activities are for both indoor and outdoor sports. Presently we have indoor games like Table Tennis, Chess, Carrom boards etc. Cricket pitch & ground, Volley-ball court, Kho-Kho ground, badminton court are also available as outdoor sports and in near future Swimming pool and Basketball court will also be there. All sports activities are performed under the expert guidance of our respective coaches. The sports teacher does the 'talent spotting' to encourage children to take up the sport that most suits their interest and skills.

➤ Upcoming Amenities: -

- ✓ Preparatory help for competitive exams.
- ✓ Swimming Pool.
- ✓ English Language lab.
